# Guide Lines For Using Digital Signature

\*\*\*\*\*

Digital Signature provided to Vendor should have following matching parameters. Based on these parameters the signature verification works.

1. First Name in Signature should be identical to the first name of representative provided to the SeTS System (ignoring case).
2. Last Name in Signature should be identical to the Last name of representative provided to the SeTS System (ignoring case).
3. Company Name in Signature should be identical to the Company Name provided to the SeTS system (ignoring case).

On SeTS Site, vendor can now upload digitally signed PDF using digital signature (Class II or Class III) from any Certifying Authorities (CAs) issue Digital Signature Certificates (DSC) listed in <http://cca.gov.in> web site.

The Listed CA's are as follows:

- Safescrypt
- GNFC
- e-MudhraCA

For more details regarding CAs kindly visit [cca.gov.in](http://cca.gov.in) web site. You can also find the list and details of the issuing CA on the homepage of <https://sets.mahagenco.in>.
